**ROWLAND+BROUGHTON ARCHITECTURE / URBAN DESIGN / INTERIOR DESIGN
NAMED A "2018 RISING GIANT" BY INTERIOR DESIGN MAGAZINE**

Firm placed in the top 3% of Interior Design firms in Colorado

ASPEN, CO — August 8, 2018 — Rowland+Broughton Architecture / Urban Design / Interior Design is pleased to announce that our firm has been ranked #65 on Interior Design's prestigious 2018 Top 100 Rising Giants listing. This marks the seventh consecutive year that R+B has been included in the ranking and places the firm in the top 3% of Interior Design firms in Colorado.

Interior Design's Rising Giants are ranked by interior design fees for the 12-month period ending December 31, 2017. Fees include those attributed to all types of interiors work, including commercial and residential, all aspects of a firm's interior design practice, from strategic planning and programming to design and project management, and fees paid to a firm for work performed by employees and independent contractors who are "full-time staff equivalent."

About the ranking, David Forsman, Rowland+Broughton's Director of Finance, shares, "We are so proud to have our studios be recognized once again by Interior Design, as we recently celebrated our 15th anniversary. Being named a Top 100 Rising Giant is particularly rewarding this year, since R+B was one of only three Colorado firms to make the list. Congratulations to all the team members who have worked so hard to help R+B stand out as well-rounded and sustainable. As we continue to grow and expand, we are invested in supporting our colleagues, clients, projects and profession well into the future."

About Rowland+Broughton Architecture/Urban Design/Interior Design

15 Years Forward, Rowland+Broughton Architecture/Urban Design/Interior Design is a progressive, multi-faceted "think tank" of nearly 40 design professionals. With studios in Aspen and Denver, Colorado, the firm's mountain and urban sensibilities enhance a wide spectrum of projects, including custom residential, commercial, hospitality, interior design, and new town and institutional master planning.
